DETAILED ACTION

Claims 1-12, 32 and 37 are pending in the application.

Election/Restrictions

Applicants' election without traverse of Group I, and the species of the first exemplary compound listed in the scheme on page 3 of the instant specification (reproduced below), in the reply filed on April 20, 2005 was acknowledged in the previous Office Action.

The requirement was deemed proper and made FINAL in the previous Office Action.

Art Unit: 1626

Claim 37 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention. Election was made **without** traverse in the reply filed on April 20, 2005.

Rejections made in the previous Office Action that do not appear below have been overcome. Therefore, arguments pertaining to these rejections will not be addressed.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 2-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to

Art Unit: 1626

particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 2, the R_2 ring being optionally substituted with a cyano lacks antecedent basis from claim 1 because of Applicants' current amendment to the definition of the R_2 variable in claim 1.

Allowable Subject Matter

Claims 1, 10-12 and 32 are allowed over the art of record.

The elected species, the first exemplary compound listed in the scheme on page 3 of the instant specification, is allowable over the art of record.

Art Unit: 1626

Conclusion

Applicants' amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Art Unit: 1626

This application contains claim 37 drawn to an invention nonelected with traverse in the reply filed on April 20, 2005. A complete reply, if any, to the final rejection must include cancellation of nonelected claims (37 CFR 1.144) See MPEP § 821.01.
